# SPORTS PHOTOBOOKS

Celebrate your son or daughter's rep season with a custom-designed photobook!

**You have a ton of photos from this season's games, tournaments, play-offs and team events—  
—let me put them in a professionally designed, printed and bound book.**

Your team's custom-designed photobook can include:

- summary page of season statistics—for the team/division and for each player
- a "hockey card" style page for each player— including their individual photos, facts and even personal quotes!
- tribute page to coaches, assistant coaches, managers and trainers
- tribute page to captains, assistant captains
- collages of great sports action shots, cheering fans & parents, team events/outings
- team shot
- room for autographs from the players and coaches

Sports Photobooks average about 30 pages and are based on the photos that your team provides—from parents or professional photographers. Take LOTS of pictures—make sure you have at least one great action shot of each player on the team.
